PROJECTS

UI/UX Portfolio Website — Personal Portfolio Design

Designed in Figma

- Designed and prototyped a complete personal UI/UX portfolio website in Figma, including Home, About, Services, and Portfolio sections.
- Applied consistent visual hierarchy, typography, and a modern purple-accented dark theme to present UI/UX, web design, app design, and graphic design work.
- Showcased 6+ graphic design and website mock-up projects (fashion, tech, and product branding) within an interactive, responsive layout.

E-Commerce Website — Full Stack Web Application

- Built a fully functional e-commerce site with product listings, cart, secure checkout, and an admin panel for managing products and orders.
- Developed with HTML, CSS, JavaScript, and Bootstrap on the frontend; PHP and MySQL on the backend.

Task Management Platform — Authentication & CRUD App

Full Stack Web Development Internship – Week 1 Task

- Built a secure task management platform with user authentication, CRUD operations, and REST API integration.
- Developed responsive pages (Login, Register, Dashboard, Profile, Create/Edit Task) with dark/light theme toggle and form validation.
- Implemented JWT authentication, password hashing (bcrypt.js), and protected routes using Node.js and Express.js.
- Designed MongoDB collections for Users and Tasks; added search, filtering, pagination, and dashboard statistics. Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, HTML5, CSS3, JavaScript, Git/GitHub

Beauty Salon Mobile App — Flutter Cross-Platform App

Academic Group Project

- Built a cross-platform mobile app for salon service booking, featuring user login/signup, service browsing, and appointment reservation with date/time and stylist selection.
- Developed an admin-side interface to manage services, beauticians, and appointments (confirm, cancel, complete). Tech Stack: Flutter, Dart
